Robot Design Log

Team: _____

Iteration (Challenge): _____

Names (and roles): _____

Sketch or place a picture of the robot and below.

1) Was the robot able to complete the sub challenge?

2) What are your robot's strengths? What does it do well?

(Continued on back) →

3) What problems does your robot have? What could be better?

4) Describe any new additions or changes to the design that improved the robot from the last iteration.
